ENGR. MARK CLOYD G. SO
IMO Manager, NIA Albay-Catanduanes IMO
NIA Albay-Catanduanes IMO Head Office
Tuburan, Ligao City, Albay

Dear Mr. So,

I am writing to express my intent to apply for any vacant position appropriate for a licensed Geodetic Engineer within your office.

I am a newly licensed Geodetic Engineer and a recent graduate. Although I am a fresh graduate, I possess strong theoretical knowledge, a valid professional license, and a strong willingness to learn and further develop my professional skills. With a background in AutoCAD and Geographic Information Systems (GIS) software, I believe I will be able to contribute effectively to your office's functions with proper supervision and guidance.

During my internship, I gained hands-on experience in conducting relocation surveys using proper equipment such as GNSS receivers and Total Station. This experience allowed me to develop practical skills in technical documentation, plan preparation, and compliance with surveying standards and requirements.

I look forward to the opportunity to discuss how I can be of value to your office. Thank you.

Respectfully Yours,

Engr. Aliyah Victoria Z. Delas Llagas
