ENGR. MARK CLOYD G. SO
Acting IMO Manager
NIA Albay-Catanduanes IMO
Tuburan, Ligao City, Albay

Dear Engr. So,

Good day.

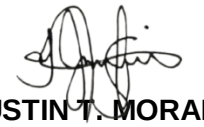

I am writing to express my interest in applying for the position of Engineering Assistant B at the National Irrigation Administration – Albay-Catanduanes IMO. I am a licensed Civil Engineer and a certified Safety Officer 2 (SO2) with knowledge in contract documentation, quantity estimation, and preparation of engineering reports gained through academic training and internship experience.

During my internship, I was involved in site inspections, bill of quantities preparation, and value engineering, which helped me develop attention to detail and adaptability in field and office works. I am eager to contribute my skills, willingness to learn, and strong work ethic to your office while gaining valuable experience in public service.

Attached herewith are my application requirements for your review and evaluation. I would be grateful for the opportunity to be part of your team.

Thank you for your time and consideration, and I look forward to hearing from you.

Respectfully yours,

JUSTIN T. MORAN
